Many factors come into play when making your plans, including the length of your party, the type of food you'll be serving, the composition of men, women and children in your group, as well as the richness of the food you plan to serve. The time of your party is also very important. If the reception is scheduled to end by 6:30 p.m. or 7:00 p.m. then guests will usually not assume that it is intended to take the place of a dinner. However, when it starts at 6:30 p.m. and runs into the dinner hour, most people will assume that it is in place of dinner and will eat accordingly.

## How many hors d'oeuvres do I need?

**Light:** Recommended for a short cocktail hour before dinner.  
3-4 pieces per person with 2 types of hors d'oeuvres.

**Medium:** Recommended when the hors d'oeuvres are not intended to replace a dinner. 4-8 pieces per person with 3-5 types of hors d'oeuvres.

**Heavy:** Recommended when the hors d'oeuvres are intended as a dinner. 10-15 pieces per person with 4-8 types of hors d'oeuvres.

*Note: The longer your party and the larger your guest list, the greater number of selections you should have. Hors d'oeuvre reception held for a maximum of 3 hours.*
