DISCOVERING CHINESE HERBAL WONDERS FOR YOUR WELL-BEING

With a history dating back to 3,000 years ago, traditional Chinese medicine (TCM) has been known to diagnose and cure illnesses. It is an alternative medicine based on holistic understanding of the universe as described in Daoism.

Our team can arrange a session with renowned Chinese medicine practitioner Dr Ho Wai Ki to share his knowledge on the wonders of Chinese herbs in energising and balancing the yin and yang in the body.

Dr Ho will share his wealth of research and experience in curing illnesses the eastern way and show some natural materials that are in harmony with our body systems.

A traditional Chinese martial art form, tai chi is believed to give a yang and yang balance through the slow, fluid body movements. Men and women, young and old, in parks and squares all over Hong Kong perform tai chi for health and social reasons.

Your delegates can learn this ancient skill with our master trainer. An hour of tai chi in the morning at the pool area can both calm the senses and rev up the energy.

GIVING BREAD,
SHARING LOVE

Giving Bread was founded in 2010 in Hong Kong with the mission to bridge the gap between food wastage on one hand and hunger on the other.

Everyday, massive amounts of food are discarded by restaurants, individual homes and hotels. Yet we are also seeing hunger in affluent cities like Hong Kong. Giving Bread feels compassion for the neglected and poor especially the elderly. During your time here you can assist in bread distribution and bread packaging, a little giving back to the community.
Indulge in an authentic taste of traditional Hong Kong cuisine with traditional creations presented in a truly Chinese atmosphere at Hoi King Heen. Savour delicious presentation of dim sum, Chinese teas and pastries.
